THE COMPETITION

The Colvin Case Study Challenge is a national intercollegiate real estate case study competition for full or part-time students enrolled in a college or a university real estate program (undergraduate or graduate or a university sanctioned real estate club/organization). The Challenge is to document a recent innovative real estate project within the team’s metropolitan region. Unlike many other case competitions, this is a post-development report and documentation of a recently completed project (or project phase). The Challenge is designed to hone professional skills and reveal the knowledge base and understanding of markets, project valuation, finance, urban design and sustainability, entitlement processes and operational issues.

The competition may be offered for (a) course credit, (b) as part of a course requirement, or (c) as an extracurricular activity. The number of teams from an individual school or program is not limited.

• **Round 1**: Teams submit a written case study of an existing real estate development project.
• **Round 2**: Four teams will be chosen to present their case study, in person, to an industry panel of judges at the University of Maryland, College Park.

THE CASE STUDY SCOPE

The selected project must meet the following parameters:
1. Location: Project located within the team’s local, state or regional area
2. Permitted asset classes: residential, office, retail, hospitality, mixed-use
3. Size: 25 acres or less
4. TDC: $25 –$250 Million
5. Completion: Project (or project phase) completed by 2014 or later

TEAM SPECIFICATIONS

• One to three Real Estate Students (undergraduate or graduate)
• Maximum of two advisors: one faculty and one professional

CASE STUDY PARAMETERS

1. Developer/Development team
2. Developer’s vision for the project
3. Detailed project description & site plan
4. Market Analysis
5. Planning and entitlement issues
6. Building & landscape designs and sustainable/green features
7. Project financing (sources and uses) (performance to proforma)
8. Current operational issues
9. Exit strategy
10. Innovation and impact of the development
JUDGING

• Results of the preliminary judging will be announced on November 24.
• The top four teams will present to a live jury of real estate professionals (and an audience) at the University of Maryland, College Park.
• 30 minute presentations/20 minute Q&A.
• Winners will be announced and prizes presented at an awards reception.
