

Jordan Yves Exantus, AICP, LEED-AP

Mr. Exantus leads the Transit Planning Program at the City of Alexandria. His professional experience in planning and several related disciplines spans both the public and private sectors. Jordan has developed municipally adopted planning documents; he has written and administered millions of dollars worth of grants; he has managed planning, engineering, and design projects (as client and consultant); he coordinated the planning and management of several thousand acres of parkland and historic sites; he has led pre-development planning efforts for (now constructed) real-estate deals; he frequently leads large community engagement efforts, he has staffed planning commissions and development boards; and generally “wears a lot of hats”. His competencies include, but are not limited to: Economic Development, Housing, Environment, Community Development, Land Use, Transportation, Public Health, Local & Regional Governance, Advocacy, and Social Equity.
