PLANNING & PRESERVATION

ROBERT GOODSPEED

Associate Professor of Regional and Urban
Planning at Taubman College
Dr. Goodspeed received his Ph.D in urban and
regional planning from MIT, M.C.P. from the
University of Maryland, and a B.A. in history from
the University of Michigan. He is a board member
of the Consortium
for Scenario Planning.

MANAGING AND ENVISIONING UNCERTAIN URBAN FUTURES WITH SCENARIO PLANNING

Emerging technologies, climate change, and the COVID-19 pandemic are making it essential for planners to incorporate uncertainty into long-range plans. In addition, many communities are turning to scenario planning to consider more transformative futures with greater sustainability, equity, and resilience. Drawing on my recent book, *Scenario Planning for Cities and Regions: Managing and Envisioning Uncertain Futures*, this event will feature a brief overview of scenario planning concepts, introduce case study examples, and open a conversation about how scenario planning can be used to address the planning challenges of today.
